

2024 FORT LANGLEY JAZZ & ARTS FESTIVAL

July 25 - 28, 2024

ABOUT THE FESTIVAL

The Fort Langley Jazz & Arts Festival is more than just an event; it's a vibrant celebration that unites the community in the spirit of music, arts, and culture. We strive to create memorable experiences for people of all ages, drawing from Langley and beyond. We are a not-for-profit volunteer-run organization with a mission to inspire the discovery and celebration of unforgettable music, art and culture experiences that unite artists and audiences.

THE 2024 FESTIVAL

From July 25 - 28, 2024, we will bring a festival experience like no other to Fort Langley, with exceptional artists, extraordinary musical performances and visual art in an extraordinary setting. For this seventh edition of the festival, we will continue to present expansive and accessible programming featuring local, regional, national and international world-class musicians, youth and emerging talent, Indigenous art and culture, a Kidz Zone, art installations, workshops and exhibits and more!

"My favourite thing about the festival is the engagement of community and nurturing of new talent through their youth Rising Star program. Visionary festival in this regard!"
